

Isle Abbotts Village Hall

Key Health and Safety and Environmental Policy Objectives

To ensure that village hall operations are undertaken in accordance with the best practice procedures which reflect compliance with current and up to date statutory safety, health and environmental legislation.

To provide the users of the village hall with 'best practice' information, procedures and equipment.

To ensure that the village hall and its surrounding areas do not cause risk to the health and safety of users and to others who may be affected by its use.

To ensure that the use of the village hall and its surrounding areas do not cause risk to the local or wider environment through poor environmental control or practices.

To continually improve the health and safety policy at regular intervals or at other times where events such as significant health and safety incidents or the introduction of new or updated legislation dictates.

Key Statutory Duties Compliance.

We shall do all that is reasonably practicable to implement our legal duties under all relevant statutory provisions and in particular those provisions outlined in: -

The Health and Safety at Work Act 1974

The Management of Health and Safety at Work Regulations 1999

In particular, as members of the Village Hall Committee we will: - Provide and maintain equipment that is safe and without risk to health.

Ensure the safety and absence of risks to health in connection with the use, handling and storage of articles and substances.

Ensure the maintenance of areas under our control is safe and without risks to health, which includes the provision and maintenance of safe access and egress routes.
